SOUTH INDIAN GRANDMA'S KITCHEN

Godavari is a tribute to my grandmother Kamala Devi, a simple, warm and generous woman who believed that good food was the key to keeping the family happy and together. A passionate cook, she treasured the family recipes from her grandmother's time and ensured that they were passed on to her children, grandchildren and now her great grandchildren. Legendary for her fresh chutneys, spice powders and curries, she was always adamant that every masala has to be made at home from scratch, a tradition we still follow.

To Amamma, my first and best culinary guru.
